Ovation's popular Celebrity CC Series has been expanded to include a new value priced 12-string, the CC245-HB. Featuring a rich Honey Burst finish accented by an inlaid abalone rosette, this new addition has the looks, playability, and sound that has made Ovation 12 strings a standard in the music industry for over 40 years.

A mid-depth cutaway bowl pushes out plenty of volume and the OP-4BT preamp provides easy tonal control when on-stage. And like all Ovations, the CC245 is super stable, even in the most demanding touring conditions.
