The new CC44-8TQ combines some of Ovation's best performance features with a rich Blue Quilt finish in one value priced guitar. A Mid-Depth Roundback body projects balanced tone while the OP-4BT preamp accurately amplifies every note. A Slimline pickup is vibration sensitive to further enhance string-to-string balance.

Other signature Ovation specs include laser cut exotic hardwood epaulets, pinless Walnut bridge for quick string changes, and abalone body trim.
