

VOLTIAMO LE SPALLE ALLE CONVENZIONI SIN DAL 1966.

La storia di Ovation guitars comincia dal..." retro".

Il profilo posteriore "Roundback" non è solamente un look differente; è il frutto della nostra ricerca di un timbro di qualità superiore, che ci ha portato a voltare le spalle alle convenzioni, a evolverci. È arrotondato per diverse ragioni - suono unico, miglior proiezione e suonabilità incomparabile.
