APPLAUSE ROUND BACK FEATURES

- **ThruNeck™ Design**—A more playable, stable neck supports the fingerboard into the guitar body.
- **Lyramold Roundback**—The revolutionary acoustic guitar design introduced by Ovation.
- **Dovetail Heel/Neck Joint**—Unique design allows the neck angle to be accurately and permanently set at the factory.
- **Neck**—Solid mahogany design with an adjustable truss rod and a rosewood fingerboard.
- **Rosette/Bridge**—Birch marquetry rosette. Walnut bridge shimmed for easy string-action adjustment.
- **Piezoelectric Pickups**—Mounted directly beneath the saddle for more accurate sound reproduction, with volume and tone controls.

APPLAUSE SOLID BODIES

- **The Applause AM18T** is our most popular guitar, featuring a standard three single-coil pickup configuration. A five-way pickup selector switch with one volume and two tone controls produce all the popular guitar sounds. The guitars have a natural finish maple neck and fingerboard. **\$245.50**
- **The Applause AR19T** guitars are identical to the AM18T models, with an improved, updated electronics package. A high output humbucking pickup in the bridge position complements the two single-coil pickups in the middle and neck positions to produce a whole range of new sounds from a traditional guitar. A coil tap switch splits the humbucker into a pseudo single-coil pickup, allowing the guitar to sound like the standard triple single-coil model it is designed from. **\$279.50**
- **The Applause AR23** is a guitar designed for the look of the 1980's! The 2 single coil and 1 humbucker pickup are covered with black cases, there is no pickguard, and the inlays on the rosewood fingerboard are flashy triangles. The headstock is a popular angular design, and makes for a distinctive on-stage style. **\$299.50**
- **The Applause AR52** bass incorporates the most advanced pickup and electronics package into the most popular bass body style in the world. A standard split pickup configuration is combined with a high output jazz pickup in the bridge position to produce an endless variety of sounds. Individual pickup volume controls and a master tone control allow complete sound control. The bass has a fast playing rosewood fingerboard, and black machine head. **\$319.50**
- **The Applause AM51** bass is our most popular bass guitar. The split middle pickup is controlled easily by a single volume and a single tone control. The neck and fingerboard are natural maple with chrome hardware. **\$289.50**
