The VXT allows you to pan from sweet acoustic finger style to hard driving power chords with just the turn of a knob. Or, discover a near infinite range of exciting new sounds by combining electric and acoustic in various amounts.

Two Seymour Duncan '59 Humbucking pickups supply plenty of electric power while Ovation's VIP Virtual Microphone Imaging preamp provides a natural, studio quality acoustic sound. A chambered mahogany body creates a rich depth for both the electric and acoustic modes, without a trace of feedback even at high stage volumes.
