KAMAN

The Best Guitar Strings Made in the U.S.A.

Our experience in working with professional guitar players that use our Ovation, Hamer and Takamine guitars has resulted in strings designed by players...for players. Kaman Strings are made on computer-controlled string winding equipment using only the finest hexagonal Swedish steel core wire, and technologically advanced alloys of copper, bronze, nickel steel and stainless steel wrap wire. Our environmentally-controlled factory and just-in-time inventory delivery system ensure that every set of Kaman Strings you buy will be ready to perform with you.

KAMAN

The Kaman Promise

Put a set of Kaman Strings on your guitar. If you are not completely satisfied with their performance, send the strings back to us in the original package with a brief explanation of why you were not satisfied, and we will send you a new set of strings (the brand of your choice), free of charge.
